

## Operational Bulletins - Updates

The purpose of an operational bulletin is to provide CNA e-Tool stakeholders with updates and guidance. In rare circumstances, a bulletins may also be issued for one-time-only instructions (such as security patches) or to provide urgent instructions to stakeholders.

- [2017-01 – February 23, 2017](#)  
Information pertaining to the technical issues to remediate 1.2A issues that will be deployed in mid-April.
- [2017-02 – April 20, 2017](#)  
Information pertaining to the technical issues that were resolved with 1.2A. In addition, information on the new Mortgagee Letter from April 19, 2017 that pushed back the CNA e-Tool's required mandate to October 1, 2017 is also discussed.
